

PRIYANKA BAIT

MSC Computer Science Student

☎ +91-8080833511 ✉ priyankabait04@gmail.com 🔗 linkedin.com/in/priyankabait

Summary

MSc Computer Science student with strong foundations in MERN Stack, Python, Java, and MySQL. Skilled in full-stack web development, database management, and problem-solving. Passionate about building scalable applications and continuously learning modern software technologies.

Skills

Programming Languages: Python, Java, JavaScript, SQL

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js

Database Management: MySQL, MongoDB

Frameworks & Tools: MERN Stack

Core Computer Science: Data Structures & Algorithms, DBMS, OOPs, Operating Systems.

Projects

DSA Astra - Web Application | *MERN Stack, MongoDB, React.js, Node.js, Express.js* **Mar 2026 – Present**

- Developed a full-stack web application focused on learning and practicing Data Structures and Algorithms.
- Implemented user authentication, topic-wise problem categorization, and progress tracking functionalities.
- Built RESTful APIs using Node.js and Express.js and integrated MongoDB for efficient database management.
- Designed responsive and user-friendly frontend interfaces using React.js to enhance learning experience.

Evaluating Air, Land and Sea Based Nature Inspired Algorithms for TSP | *Research Publication, ICAISS* **2026**

- Conducted comparative analysis of air, land, and sea-based nature inspired optimization algorithms for solving the Traveling Salesman Problem (TSP).
- Compared algorithm efficiency using cost and time performance parameters for optimization evaluation.
- Performed experimentation, research analysis, and technical documentation for publication purposes.
- Published the research paper at ICAISS Institute highlighting comparative findings and optimization results.

Awards & Certifications

- **AWS Academy Machine Learning Foundations – 2025:** Completed foundational training in machine learning concepts, AWS cloud services, and AI-based applications.
- **Research Paper Publication – ICAISS Institute(2025):** Published research work titled “Evaluating Air, Land and Sea Based Nature Inspired Algorithms for TSP”.

Education

M.Sc. Computer Science

2025 – Present

DES Pune University, Pune

B.Sc. Computer Science

2022 – 2025

MMCC, Pune
